Dear registrar's office,

Hope the email finds you well.

I still didn't receive the check since your last reply. **Could you please help re-ensure the mail?** It has been a couple months.

Thank you!

Dear registrar's office,

Could you please re-send the check?

Since it has been over 3 months since the check has been sent out and I still am not getting it at the address, I'm pretty sure it has been lost...

The address again is:

Sixuan Huang

Room 3109, 31F Central Plaza, 381 Huai Hai Zhong Road, Huangpu District, Shanghai 200020, PRC

+86-18016348285

And, if you have sent it out, could you also **inform me of the delievery company?**

Thanks! I'm looking forward to your reply.

Thank you for providing your updated address. We have now updated it in our records.

Please note that the address previously on file differs from your current address, which means your check will need to be reissued. This will be processed in the next round of reissued checks; however, we do not yet have a confirmed date for when those will be sent. They should be sent out within the next couple of weeks.

If you have any additional questions, please feel free to reach out.

Dear Registrar's Office,

Thank you for your reply!

I see. I believe what you have is my Pittsburgh address and it is out of date for sure, because I am out of the States now.

Here is my current address:

Sixuan Huang

Room 3109, 31F Central Plaza, 381 Huai Hai Zhong Road, Huangpu District, Shanghai 200020, PRC

+86-18016348285

Could you please send the payment to this address? Thank you very much for help.

Subject: About 2020Spring Tuition Fee Return -- sih36

Dear Registrar's Office,

I am writing to ask **if there is a refund of 2020 Spring tuition sent to my address**. I have left Pittsburgh (the address) after I graduated in April 2021, so perhaps I've missed out this notification. My email (sih36@pitt.edu) is inactive, too.

Could you please help have a check? If there is a refund, could you make it in an online way like wire transfer?

Looking forward to your reply!

Thanks,
Sixuan Huang (sih36)
